

The Bulletin Board

Thank You

June 1, 2005

• For visiting our website. Please feel free to contact me regarding any questions you may have. The first issue of "The Tip" will be out this summer. Updates to follow. We are in the middle of an expansion mode of hardware and software to keep pace with the ever changing technological landscape inherent with audio recording and music creation. I apologize for the slow updates on the "Music Industry News". As soon as all installs and upgrades are completed and implemented into production, I will return to a more predictable production schedule. and consistency.
